❖ Our Mission:

To fill the gap between our customers and recyclers, to help our customers be in compliance with the U.S. Environmental Protection Agency regulations for the disposal of hazardous waste materials, and to work towards a sustainable environment for the future.

❖ Our Services:

- ❖ Package hazardous waste materials from customer jobsite or property.
 - ❖ Materials accepted for recycling include: all types of fluorescent lamps, HID lamps, dry cell batteries from emergency lighting, PCB and non-PCB magnetic ballasts, electronic ballasts, and other electronics.
- ❖ Pickup hazardous waste materials from customer jobsite or property and transport materials to the Hannibal's shop.
- ❖ Store and prepare hazardous waste materials for recycling by U.S. EPA registered recyclers.
 - ❖ Receive certificate for proof of recycling from recyclers.
- ❖ Comply with all U.S. and California EPA regulations for Small-Quantity Handlers.
